19 AUG 1955

MEMORANDUM FOR: Inspector General

THROUGH : Deputy Director (Support)

25X1A

SUBJECT : CHANGE 1 of [REDACTED]

1. At the time the change was in process, consideration was given to the point raised by the Inspector General's inquiry. It was decided, however, to make only the single minor change actually required on page four rather than to reprint the entire regulation.

25X1A

2. Perhaps it should be pointed out in this connection that there are several regulations which still show the relationships inside the ID/S structure presented by [REDACTED] 25X1A These, as well as [REDACTED] itself, will be changed to conform with the present organization as rapidly as circumstances allow. Meanwhile, [REDACTED] dated 3 February 1955, has been published to serve as a statement of correct relationships to be extended to cover those regulations not yet changed in print.
